Sutahata, Moyna, Panskura- I, Sahid Matangini, Nandakumar & Kolaghat Dev. Block,
Purba Medinipur.

Sub: Repair and maintenance of Ex- Zamindary Embankments under MGNREGS.

Sir/Madam,

Enclosed herewith please find the copy of the list of Ex- Zamindary embankments under your jurisdiction.

Every year in monsoon period, these embankments get damaged due to heavy rainfall (erosion of soil). If we take protective measure in due time then these embankments will remain safe in monsoon period and flood situation will be minimize.

In this context, you are requested to take up (repair & maintenance) for all ex-Zamindary embankments immediately under MGNREGS. All ex- Zamindary embankments should be maintained and repaired before coming monsoon period.

In case any repair/ maintenance work not taken in due time, the Block administration will be solely responsible for flood situation which will usually happen through these embankments.

If these schemes were not incorporated in AAP 2017-18, then supplementary scheme may be submitted to this end for approval. Repair and ^{maintaining} maintaining of all ex-Zamindary Bundhs should start within 7 days. The matter is very urgent.

Yours faithfully,

Enclosed:- Detail list of embankments.

& Additional District Magistrate (Gen),
