Now user may select Panchayat and its corresponding village. Once village is selected, user has to select SECC Tehsil and SECC village respectively.

After selection of SECC village, only the SECC landless manual casual labour households willing for the job card will get displayed (updated willingness through the form 'Mapping of SECC Manual Landless Casual HH to MGNREGA JC').

As per SECC survey data, the following details (S.No. 1 to 7) will be displayed for each household satisfying the above criteria:

1. Name of Head of Household
2. Relation
3. SECC TIN number for head of the household member(29 digit)
4. Age of Head of Household (as per SECC survey)
5. Social Category
6. Father name (of Head of Household)

Now, the user may enter the family-id to search family id within selected village (e.g 10, 10-A). Once family-id is entered, the job card no. will be displayed matching the family-id within the selected NREGA Village. [Note: If a job card no. (registration no.) is already mapped with any head of household, those registration numbers won't be displayed again]. Tick the checkbox for the records to be updated when clicking 'Update' button.
